Professional Summary

UI/UX and Product Designer with **1+ year** of experience delivering production-ready web and mobile interfaces across logistics, travel, edtech, and fintech. Expert in end-to-end user-centered design: user research, persona development, customer journey mapping, high-fidelity Figma prototyping, interaction design patterns, WCAG accessibility, and responsive HTML/CSS/JS implementation. Proficient in AI-assisted design workflows (Claude, ChatGPT, Codex) and Agile/Scrum environments, with a track record of measurable business impact.

Technical Skills

Design Tools	Figma, Adobe XD, Photoshop, Illustrator, Miro, Framer, Webflow.
UX & Research	User Research, Persona Development, Customer Journey Mapping, Usability Testing, Heuristic Evaluation, A/B Testing, Information Architecture, Interaction Design, Interaction Design Patterns, Wireframing, Prototyping, Accessibility (WCAG), Design Thinking.
UI Development	HTML5, CSS3, JavaScript, Responsive Web Design, Mobile-First Design, Design-to-Dev Handoff
AI Tools	Claude, ChatGPT, GitHub Copilot, Codex, Midjourney, Adobe Firefly
Workflow	Design Systems, Component Libraries, Agile/Scrum, Git & GitHub, Stakeholder Presentations, Cross-Functional Collaboration.

Professional Experience

UI/UX Designer August 2025 – Present
Flow Logistics Solution LLP Bengaluru, India

- Redesigned **20+ screens** of a legacy B2B logistics platform in Figma; built responsive HTML5/CSS3 frontend achieving **35% engagement lift** and **25% task-completion improvement** (Google Analytics).
- Designed 10+ form screens with validation UI and error states, reducing form-completion time by **25%**; identified 8 usability friction points via heuristic evaluation and shipped fixes across 2 Agile sprints.
- Built a standardised Figma component library and design system, cutting per-feature design and development effort by **40%**.

UI/UX Designer — Freelance & Collaborative Projects November 2024 – July 2025
Self-Initiated Remote

- Delivered **3+ responsive web interfaces** across travel, edtech, and fintech using Figma, Framer, and Webflow; built scalable design systems reducing revision cycles by **40%**.
- Applied AI-assisted workflows (Claude, ChatGPT, Codex) to accelerate prototyping, compressing delivery timelines by **25%** across multiple projects.
- Conducted 3+ rounds of usability testing with 10+ participants, resolving critical onboarding and navigation friction points before production handoff.

Selected Projects

Flow — Enterprise B2B Logistics Platform August 2025 – December 2025
UI Design & Frontend Development |

- End-to-end redesign: 20+ Figma screens, full design system, responsive HTML/CSS/JS frontend **35% engagement lift** and **25% task-completion improvement** post-launch (Google Analytics). Implemented WCAG 2.1 AA accessibility and interaction design patterns across all modules.

AcadIntern — Internship Discovery Platform January 2025 – March 2025
UX Design & User Research | [Live: acadintern.mathi.live](#)

- Designed 15+ Figma screens; conducted 3 rounds of usability testing with 10+ students; resolved key onboarding friction platform is publicly live with **zero post-launch critical UX bugs**.

InterPlan — Personal Finance App September 2024 – November 2024
UI/UX Design | Portfolio / Concept Project

- UX Case Study: [behance.net/gallery/UX-Case-Study](#) | UI Case Study: [behance.net/gallery/UI-Case-Study](#)
- Designed a mobile-first SaaS: complete user flows, customer journey mapping, high-fidelity Figma prototype, and full design system covering all screens and interaction states; **20% usability** improvement in peer-review sessions.

Education

B.Sc. Computer Science June 2021 – May 2024
Gobi Arts & Science College, Erode CGPA: 7.35 / 10

NSS Volunteer | Event & Technical Competition Organiser | Industrial Visit Organiser (50+ students)

UI/UX & Graphic Design Certification June 2024 – March 2025
Fortune Innovative

Figma, Adobe Suite, UX Process, Visual Design, Interaction Design, Design Thinking, Component Libraries
